• Successes

- NAS Sigonella (Italy) NRMP update Sep 2019
- NAS Sigonella airfield acoustic bat survey completed 2019
- NAS Sigonella, Niscemi bat acoustic survey completed 2019
- Deveselu (Romania) NRMP baseline surveys completed 2019

• Challenges

- Vast geographic, and therefore habitat, differences: desert to jungle to coastal concerns
- AOR contains developing nations, often resulting in rapid changes to environmental laws and contractors who may not be used to natural resource protection
- High op tempo and extensive construction across AOR requires thorough and fast environmental planning to protect habitat and protected species
- Many installations do not have a dedicated Natural Resources staff member
